Monthly Economic Development Report

June 2020

To: Durant Industrial Authority Members

From: Lisa Taylor, Director

Date: July 6, 2020

Highway 70: City employees met to discuss the renaming of various streets currently known as some form of "Highway 70". The issue has been causing problems for drivers delivering to businesses located along various sections of Highway 70. Resolution 2020-29 has been created, and will be presented to City Council Members on July 14, 2020.

Requests for Information: We received one Request for Information for June. Durant Industrial Authority did not have a property to meet the minimum requirements for that project, and no proposal was submitted. Property will be identified for purchase by the DIA, upon approval, which will allow us the opportunity to compete for future development projects.

Business Retention & Expansion Services: An RFP was posted, and a vendor has been selected to provide a platform for Business Retention and Expansion data. Once a vendor is selected, a formal contract for services will be signed, and a local team will be formed to conduct interviews, data input and follow up. Proposed team members will represent the Chamber of Commerce, Durant Main Street, local education, etc.

New office space: The Durant Industrial Authority is now located inside City Hall. City employees moved furniture to City Hall. There are alot of files to go through to determine what should be kept or discarded. In the future, we will move to electronic records management, as time and finances allow.

Other activity: A strategic plan and the 2019-20 Annual Report hare being developed and will be presented to the DIA members for adoption in August. If anyone has interest in providing information or guidance for either document, please contact Lisa Taylor.
